

## SUPPLEMENTAL RULES & REGULATIONS

Number:	12-102.8 R-2		
Subject:	Consumer Fireworks Retail Sales		
Code:	NFPA 1124, 2013 Edition	Code Section:	102.8
Effective Date:	12/7/2013	Revision Date:	6/25/2014
Issued By:	Dan DuBois		

### SCOPE:

Retail sales including their related storage and display for sale of consumer fireworks in new, existing, permanent or temporary buildings, structures or facilities shall comply with the requirements of this regulation.

### GENERAL:

#### ALL RETAIL CONSUMER FIREWORK SALES:

Prior to the sale of permissible consumer fireworks, all persons engaged in such sales shall submit a consumer fireworks sales application to the Fire Prevention Division. Applications and required Permits are good for six months from date of issuance.

#### Exempt Amounts Not Requiring a Permit

A permit is not required for consumer fireworks retail sales (C.F.R.S.) facilities or stores where the fireworks are in packages and where the total quantity on hand does not exceed 125 lbs. or 250 lbs. of pyrotechnic composition when the building is protected throughout with an approved automatic sprinkler system in accordance with NFPA 13. Where the actual weight of pyrotechnic composition is not known, 25 percent of the gross weight of the consumer fireworks, including packaging, shall be permitted to be used to determine the weight of the pyrotechnic composition.

#### Consumer Fireworks Retail Sales and Storage Exceeding the Above Amounts

- An operational permit shall be obtained from the Fire Department for the storage of consumer fireworks in connection with retail display or sale to the public when the exempt amounts are exceeded. Where required, plans shall be submitted with the permit application.
- Inventory records shall be maintained on the premise and made available to the Fire Inspector upon request.
